Ecolit Building Systems Ltd

Light Steel Framing

The Steel Construction Institute has assessed the structural aspects of the Ecolit System for Stage 1 – System Certification and confirms that it is suitable for use in the construction of dwellings in accordance with Premier Guarantee Technical Manual, Section 6.3 Light Gauge Steel Frame.

The system has been assessed for residential buildings up to 6 storeys high. As its basic components the system uses cold rolled galvanized C-sections for wall studs and floor joists.

To confirm validity, please visit the SCI Certification and Assessment website at www.sci-assessed.com.

PRODUCT ID: 202707112

END DATE: 11th July 2027

A handwritten signature in blue ink, appearing to be 'G. Couchman'.
